**Cabal**-Clive Barker 2017-08-20 Cabal is the story of Boone, a tortured soul haunted by the conviction that he has committed atrocious crimes. **Rare Flesh**-David E. Armstrong 2003 02 In the dark recesses of the human imagination lies an erotic potential that is rarely explored. Rare Flesh dares to venture into this taboo territory, pairing Armstrong's stunning male nudes with provocative poetry and prose by Clive Barker. Fans of Barker's best-selling novels and films-from Weaveworld to Hellraiser-are already familiar with his unique brand of eroticism, and they will be eager to see it brought to life visually for the first time here. Distinguished from other male nude photography books, Rare Flesh presents a series of photo essays that each explores a different fantasy scenario that could have sprung from a Barker novel. Dozens of models of varying body types and backgrounds were chosen, and each was encouraged to act out his own personal dreamscape, working with the photographer. The images, fashioned with the latest digital technology, often play with the viewer's perceptions, as

many of the models are covered entirely in black body paint or shot against solid-color backgrounds. The results transform the body and tease the viewer, showing us the male form as we've never seen it before. This dynamic work is an intensely collaborative effort between Armstrong and Barker, who are life-partners, as the text delves into themes of love, betrayal, loneliness, and redemption. **The Hellraiser Films and Their Legacy**-Paul Kane 2012-05-23 Best-selling horror novelist Clive Barker's 1987 film Hellraiser has become an undisputed horror classic, spawning a movie franchise that to date includes eight films. Exploring not only the cinematic interpretations of the Hellraiser mythos but also its intrusion into other artistic and cultural forms, this volume begins by identifying the unconventional sources of Barker's inspiration and following Barker from his pre-Hellraiser cinematic experience through the filming of the horror classic. It examines various themes (such as the undermining of the traditional family unit and the malleability of the flesh) found throughout the film series and the ways in which the representation of these themes changes from film to film. The religious aspects of the films are also discussed. Characters central to the franchise—and the mythos—are examined in detail.

**Clive Barker's Short Stories**-Gary Hoppenstand 1994 Unlike other horror fiction and fantasy writers, Clive Barker is true to the literary heritage of the genre. Though aware of the importance of entertainment in his writing, he embraces the traditional formulas of horror fiction and builds upon them, all the while alluding to the works of Dante, Poe, Mary Shelley, and others. The complexity of Barker's writing is best evidenced in the six volume Books of Blood. Many of these short stories are entertaining hair raisers; yet they do not revel in gratuitous violence, instead relying on style and a masterful sense of language to entertain. This detailed study analyzes the significant themes in Barker's writing, placing him in the British Gothic tradition of Marlowe, Saki and others.
