The Book of Illusions-Paul Auster 2003 A man's obsession with a silent-film star sends him on a journey into a shadow world of lies, illusions, and unexpected love. Six months after losing his wife and two young sons in an airplane crash, Vermont professor David Zimmer spends his waking hours mired in a blur of alcoholic grief and self-pity. Then, watching television one night, he stumbles upon a clip from a lost silent film by comedian Hector Mann. Zimmer's interest is piqued, and he soon finds himself embarking on a journey around the world to research a book on this mysterious figure, who vanished from sight in 1929 and has been presumed dead for sixty years. When the book is published the following year, a letter turns up in Zimmer's mailbox bearing a return address from a small town in New Mexico-
supposedly written by Hector's wife. "Hector has read your book and would like to meet you. Are you interested in paying us a visit?" Is the letter a hoax, or is Hector Mann still alive? Torn between doubt and belief, Zimmer hesitates, until one night a strange woman appears on his doorstep and makes the decision for him, changing his life forever. This stunning novel plunges the reader into a universe in which the comic and the tragic, the real and the imagined, the violent and the tender dissolve into one another. With The Book of Illusions, one of America's most powerful and original writers has written his richest, most emotionally charged work yet.

**Leviathan** - Thomas Hobbes
2021-09-19 Leviathan Thomas Hobbes - Written during the chaos of the English Civil War, Thomas Hobbes' Leviathan asks how, in a world of violence and horror, can we stop ourselves from descending into anarchy? Hobbes' case for a 'commonwealth' under a powerful sovereign - or 'Leviathan' - to enforce security and the rule of law, shocked his contemporaries, and his book was publicly burnt for sedition the moment it was published. But his penetrating work of political philosophy - now fully revised and with a new introduction for this edition - opened up questions about the nature of statecraft and society that influenced governments across the world. "Leviathan" is a work of political philosophy. Written by Thomas Hobbes during a time of civil war, it argues that sovereign rule is the most stable form of government. An early proponent of social contract theory, Hobbes' observations regarding the dangers of unrestrained individual freedom have influenced generations of thinkers.

**Oracle Night** - Paul Auster
2009-04-28 Several months into his recovery from a near-fatal illness, thirty-four-year-old novelist Sidney Orr enters a stationery shop in the Cobble Hill section of Brooklyn and buys a blue notebook. It is September 18, 1982, and for the next nine days Orr will live under the spell of this blank book, trapped inside a world of eerie premonitions and puzzling events that threaten to destroy his marriage and undermine his faith in reality.
Why does his wife suddenly break down in tears in the backseat of a taxi just hours after Sidney begins writing in the notebook? Why does M. R. Chang, the owner of the stationery shop, precipitously close his business the next day? What are the connections between a 1938 Warsaw telephone directory and a lost novel in which the hero can predict the future? At what point does animosity explode into violence? To what degree is forgiveness the ultimate expression of love? Paul Auster's mesmerizing eleventh novel reads like an old-fashioned ghost story. But there are no ghosts in this book—only flesh-and-blood human beings, wandering through the haunted realms of everyday life. At once a meditation on the nature of time and a journey through the labyrinth of one man's imagination, Oracle Night is a narrative tour de force that confirms Auster's reputation as one of the boldest, most original writers at work in America today.

**A Life in Words**-Paul Auster

2017-10-03 An inside look into Paul Auster's art and craft, the inspirations and obsessions, mesmerizing and dramatic in turn. A remarkably candid, and often surprisingly dramatic, investigation into one writer's art, craft, and life, A Life in Words is rooted in three years of dialogue between Auster and Professor I. B. Siegumfeldt, starting in 2011, while Siegumfeldt was in the process of launching the Center for Paul Auster Studies at the University of Copenhagen. It includes a number of surprising disclosures, both concerning Auster's work and about the art of writing generally. It is a book that's full of surprises, unscripted yet amounting to a sharply focused portrait of the inner workings of one of America's most productive and successful writers, through all twenty-one of Auster's narrative works and the themes and obsessions that drive them.

**Man in the Dark**-Paul Auster

2008-08-19 A new novel with a dark political twist from "one of America's greats."*

*Man in the Dark*-Paul Auster
Man in the Dark is Paul Auster's brilliant, devastating novel about the many realities we inhabit as wars flame all around us. Seventy-two-year-old August Brill is recovering from a car accident in his daughter's house in Vermont. When sleep refuses to come, he lies in bed and tells himself stories, struggling to push back thoughts about things he would prefer to forget—his wife's recent death and the horrific murder of his granddaughter's boyfriend, Titus. The retired book critic imagines a parallel world in which America is not at war with Iraq but with itself. In this other America the twin towers did not fall and the 2000 election results led to secession, as state after state pulled away from the union and a bloody civil war ensued. As the night progresses, Brill's story grows increasingly intense, and what he is so desperately trying to avoid insists on being told. Joined in the early hours by his granddaughter, he gradually opens up to her and recounts the story of his marriage. After she falls asleep, he at last finds the courage to revisit the trauma of Titus's death. Passionate and shocking, Man in the Dark is a novel of our moment, a book that forces us to confront the blackness of night even as it celebrates the existence of ordinary joys in a world capable of the most grotesque violence. *Time Out (Chicago)

Talking to Strangers—Paul Auster 2019-05-21 Talking to Strangers is a freshly curated collection of prose, spanning fifty years of work and including famous as well as never-before-published early writings, from 2018 Man Booker Prize–finalist Paul Auster. Beginning with a short philosophical meditation written when he was twenty and concluding with nine political pieces that take on such issues as homelessness, 9/11, and the link between soccer and war, the 44 pieces gathered in this volume offer a wide-ranging view of celebrated novelist Paul Auster’s thoughts on a multitude of classic and contemporary writers, the high-wire exploits of Philippe Petit, how to improve life in New York City (in
collaboration with visual artist Sophie Calle), and the long road he has traveled with his beloved manual typewriter. While writing for the New York Review of Books and other publications in the mid-1970s, young poet Auster gained recognition as an astute literary critic with essays on Laura Riding, John Ashbery, Samuel Beckett, Franz Kafka, Paul Celan, and others. By the late seventies and early eighties, as the poet was transforming himself into a novelist, he maintained an active double life by continuing his work as a translator and editing the groundbreaking anthology, The Random House Book of Twentieth-Century Poetry. His prefaces to some of these books are included in Talking to Strangers, among them a heart-wrenching account of Stéphane Mallarmé’s response to the death of his eight-year-old son, Anatole. In recent years, Auster has pushed on with explorations into the work of American artists spanning various periods and disciplines: the notebooks of Nathaniel Hawthorne, the films of Jim Jarmusch, the writings of painter-collagist-illustrator Joe Brainard, and the three-hit shutout thrown by journeyman right-hander Terry Leach of the Mets. Also included here are several rediscovered works that were originally delivered in public: a 1982 lecture on Edgar Allan Poe, a 1999 blast against New York mayor Rudolph Giuliani, and one of the funniest introductions a poetry reading ever heard in the state of New Jersey. A collection of soaring intelligence and deepest humanity, Talking to Strangers is an essential book by “the most distinguished American writer of [his] generation . . . indeed its only author . . . with any claim to greatness.” (The Spectator)

**Day/Night**

Paul Auster

2013-11-05 FOR THE FIRST TIME IN ONE VOLUME, TWO EXISTENTIAL CLASSICS BY BESTSELLING NOVELLIST PAUL AUSTER Day/Night brings together two metaphysical novels that mirror each other and are meant to be read in tandem: two men, each confined to a room, one suddenly alert to his existence, the other
desperate to escape into sleep. In Travels in the Scriptorium (2007), elderly Mr. Blank wakes in an unfamiliar cell, with no memory of who he is or how he got there. He must use the few objects he finds and the information imparted by the day's string of visitors to cobble together an idea of his identity. In Man in the Dark (2008), another old man, August Brill, suffering from insomnia, struggles to push away thoughts of painful personal losses by imagining what might have been. Who are we? What is real and not real? How does the political intersect with the personal? After great loss, why are some of us unable to go on? "One of America's greats"* and "a descendant of Kafka and Borges,"** Auster explores in these two small masterpieces some of our most pressing philosophical concerns. *Time Out (Chicago) **Booklist

**Travels in the Scriptorium**
Paul Auster 2010-11-25 An old man sits in a room, with a single door and window, a bed, a desk and a chair. Each day he awakes with no memory, unsure of whether or not he is locked into the room. Attached to the few objects around him are one-word, hand-written labels, and on the desk is a series of vaguely familiar black-and-white photographs and four piles of paper. Then a middle-aged woman called Anna enters and talks of pills and treatment, but also of love and promises. Who is this Mr Blank, and what is his fate? What does Anna represent from his past - and will he have enough time to ever make sense of the clues that arise? After the huge success of The Brooklyn Follies, his new novel sees Auster return to the metaphysical territory familiar from his enormously influential The New York Trilogy. A dark puzzle, and a game that implicates both reader and writer alike, Travels in the Scriptorium is a mind-altering exploration of language, responsibility and the passage of time. 'Travels in the Scriptorium returns to . . . the nihilistic gaiety of Beckett (in particular Krapp) or the sub-dermal violence of Pinter.' New Statesman

A group of young people squatting in an apartment in Sunset Park, Brooklyn. The Hospital for Broken Things, which specializes in repairing the artifacts of a vanished world. William Wyler's 1946 classic The Best Years of Our Lives. A celebrated actress preparing to return to Broadway. An independent publisher desperately trying to save his business and his marriage. The Brooklyn Follies - Paul Auster
2007-04-01 From the bestselling author of Oracle Night and The Book of Illusions, an exhilarating, whirlwind tale of one man's accidental redemption Nathan Glass has come to Brooklyn to die. Divorced, estranged from his only daughter, the retired life insurance salesman seeks only solitude and anonymity. Then Nathan finds his long-lost nephew, Tom Wood, working in a local bookstore—a far cry from the brilliant academic career he'd begun when Nathan saw him last. Tom's boss is the charismatic Harry Brightman, whom fate has also brought to the "ancient kingdom of Brooklyn, New York."
Through Tom and Harry, Nathan's world gradually broadens to include a new set of acquaintances—not to mention a stray relative or two—and leads him to a reckoning with his past. Among the many twists in the delicious plot are a scam involving a forgery of the first page of The Scarlet Letter, a
disturbing revelation that takes place in a sperm bank, and an impossible, utopian dream of a rural refuge. Meanwhile, the wry and acerbic Nathan has undertaken something he calls The Book of Human Folly, in which he proposes "to set down in the simplest, clearest language possible an account of every blunder, every pratfall, every embarrassment, every idiocy, every foible, and every inane act I had committed during my long and checkered career as a man." But life takes over instead, and Nathan's despair is swept away as he finds himself more and more implicated in the joys and sorrows of others. The Brooklyn Follies is Paul Auster's warmest, most exuberant novel, a moving and unforgettable hymn to the glories and mysteries of ordinary human life.

Under the tutelage of the mesmerising Master Yehudi, Walt is taken back to the mysterious house on the plains to prepare not only for the ability to fly, but also for the stardom that will accompany it. At the same time a delighted race through 1920s Americana and a richly allusive parable, Mr Vertigo is a compelling, magical novel - a work of true originality by a writer at the height of his powers. Burning Boy-Paul Auster
2021-10-26 Booker Prize-shortlisted and New York Times bestselling author Paul Auster's comprehensive, landmark biography of the great American writer

paul-auster-the-of-illusions 9/21 on November 9, 2021 by guest
Stephen Crane. With Burning Boy, celebrated novelist Paul Auster tells the extraordinary story of Stephen Crane, best known as the author of The Red Badge of Courage, who transformed American literature through an avalanche of original short stories, novellas, poems, journalism, and war reportage before his life was cut short by tuberculosis at age twenty-eight. Auster’s probing account of this singular life tracks Crane as he rebounds from one perilous situation to the next: A controversial article written at twenty disrupts the course of the 1892 presidential campaign, a public battle with the New York police department over the false arrest of a prostitute effectively exiles him from the city, a star-crossed love affair with an unhappily married uptown girl tortures him, a common-law marriage to the proprietress of Jacksonville’s most elegant bawdyhouse endures, a shipwreck results in his near drowning, he withstands enemy fire to send dispatches from the Spanish-American War, and then he relocates to England, where Joseph Conrad becomes his closest friend and Henry James weeps over his tragic, early death. In Burning Boy, Auster not only puts forth an immersive read about an unforgettable life but also, casting a dazzled eye on Crane’s astonishing originality and productivity, provides uniquely knowing insight into Crane’s creative processes to produce the rarest of reading experiences—the dramatic biography of a brilliant writer as only another literary master could tell it.

**Moon Palace**—Paul Auster
1989 "I was the summer that man first walked on the moon. I was very young back then, but I did not believe there would ever be a future..."

Spanning three generations, Moon Palace is the story of Marco Stanley Fogg and his quest for identity in the modern world. Moving from the concrete canyons of Manhattan to the cruelly beautiful landscape of the American West, it is a meditation on and re-examination of America, art and the self, by one of America’s foremost authors.
**Kingdom Coming**-Michelle Goldberg 2006 A cautionary account of growing religious radicalism in America warns of the potential dangers of a doctrine through which Christians believe they have a right to rule non-Christians, identifying political practices that aggressively promote conservative values.

**Timbuktu**-Paul Auster 2010-04-01 Meet Mr. Bones, the canine hero of Paul Auster's remarkable new novel, Timbuktu. Mr. Bones is the sidekick and confidant of Willy G. Christmas, the brilliant, troubled, and altogether original poet-saint from Brooklyn. Like Don Quixote and Sancho Panza before them, they sally forth on a last great adventure, heading for Baltimore, Maryland in search of Willy's high school teacher, Bea Swanson. Years have passed since Willy last saw his beloved mentor, who knew him in his previous incarnation as William Gurevitch, the son of Polish war refugees. But is Mrs. Swanson still alive? And if she isn't, what will prevent Willy from vanishing into that other world known as Timbuktu? Mr. Bones is our witness. Although he walks on four legs and cannot speak, he can think, and out of his thoughts Auster has spun one of the richest, most compelling tales in recent American fiction. By turns comic, poignant, and tragic, Timbuktu is above all a love story. Written with a scintillating verbal energy, it takes us into the heart of a singularly pure and passionate character, an unforgettable dog who has much to teach us about our own humanity.

**Melancholy and the Archive**-Jonathan Boulter 2011-05-19 Melancholy and the Archive examines how trauma, history and memory are represented in key works of major contemporary writers such as David Mitchell, Paul Auster, Haruki Murakami and Jose Saramago. The book explores how these authors construct crucial relationships between sites of memory—the archive becomes a central trope here.
and the self that has been subjected to various traumas, various losses. The archive-be it a bureaucratic office (Saramago), an underground bunker (Auster), a geographical space or landscape (Mitchell) or even a hole (Murakami) - becomes the means by which the self attempts to preserve and conserve his or her sense of history even as the economy of trauma threatens to erase the grounds of such preservation: as the subject or self is threatened so the archive becomes a fetishized site wherein history is housed, accommodated, created, even fabricated. The archive, in Freudian terms, becomes a space of melancholy precisely as the subject preserves not only a personal history or a culture's history, but also the history of the traumas that necessitates the creation of the archive as such.

**Index of Women** - Amy Gerstler 2021-04-06 From a "maestra of invention" (The New York Times) who is at once supremely witty, ferociously smart, and emotionally raw, a new collection of poems about womanhood Amy Gerstler has won acclaim for sly, sophisticated, and subversive poems that find meaning in unexpected places. Women's voices, from childhood to old age, dominate this new collection of rants, dramatic monologues, confessions and laments. A young girl muses on virginity. An aging opera singer rages against the fact that she must quit drinking. A woman in a supermarket addresses a head of lettuce. The tooth fairy finally speaks out. Both comic and prayer-like, these poems wrestle with mortality, animality, love, gender, and what it is to be human.

Ghosts-Paul Auster 1986 
White hires Blue, a New York City private detective, to keep an eye on Black, but eventually Blue finds his own life in danger

The New York Trilogy-Paul Auster 2008-09-04 The New York Trilogy is perhaps the most astonishing work by one of America's most consistently astonishing writers. The Trilogy is three cleverly interconnected novels that exploit the elements of standard detective fiction and achieve a new genre that is all the more gripping for its starkness. It is a riveting work of detective fiction worthy of Raymond Chandler, and at the same time a profound and unsettling existentialist enquiry in the tradition of Kafka or Borges. In each story the search for clues leads to remarkable coincidences in the universe as the simple act of trailing a man ultimately becomes a startling investigation of what it means to be human. The New York Trilogy is the modern novel at its finest: a truly bold and arresting work of fiction with something to transfix and astound every reader. 'Marks a new departure for the
American novel. 'Observer 'A shatteringly clever piece of work . . . Utterly gripping, written with an acid sharpness that leaves an indelible dent in the back of the mind.' Sunday Telegraph 'The New York Trilogy established him as the only author one could compare to Samuel Beckett.' Guardian

The Inner Life of Martin Frost—Paul Auster 2007-05-15
A Picador Paperback Original
A new movie written and directed by Paul Auster, starring David Thewlis, Irene Jacob, Michael Imperioli, and Sophie Auster. From The New York Trilogy to The Book of Illusions and Travels in the Scriptorium, Paul Auster is one of America's most spectastically inventive novelists. Smoke, Blue in the Face, and Lulu on the Bridge established him as an award-winning filmmaker. The Inner Life of Martin Frost brings together his talents as a novelist and filmmaker with a work that is tender, moving, and funny. Searching for solitude, the writer Martin Frost borrows a friend's
country house. Waking up one morning, he is shocked to find a nearly naked young woman beside him in bed. She also has a key to the house and claims to be the owner's niece. Martin's initial annoyance at Claire's intrusion is rapidly forgotten as he falls passionately in love with her. Even when it is revealed that Claire is not who she claims to be, their idyllic passion continues--until she suddenly falls ill. The Inner Life of Martin Frost is based on an imaginary film that appears in his novel The Book of Illusions. Unlike the fictional Hector Spelling's "lost" 1946 black and white film of the same title, Auster's luminous celebration of the mysteries of love, art, and the imagination will be released in 2007.

**Paul Auster's Postmodernity**-Brendan Martin 2007-09-12 This book focuses upon the literary and autobiographical writings of American novelist Paul Auster, investigating his literary postmodernity in relation to a full range of his writings. Martin addresses Auster's evocation of a range of postmodern notions, such as the duplicitous art of self-invention, the role of chance and contingency, authorial authenticity and accountability, urban dislocation, and the predominance of duality.

**Hand to Mouth**-Paul Auster 2003-08-01 This is the story of a young man's struggle to stay afloat. By turns poignant and comic, Paul Auster's memoir is essentially an autobiographical essay about money--and what it means not to have it. From one odd job to the next, from one failed scheme to another, Auster investigates his own stubborn compulsion to make art and describes his ingenious, often far-fetched attempts to survive on next to nothing. From the streets of New York City and Paris to the rural roads of upstate New York, the author treats us to a series of remarkable adventures and unforgettable encounters and, in several elaborate appixes, to previously unknown work from these years.

4 3 2 1-Paul Auster
2017-01-31 SHORTLISTED FOR THE 2017 MAN BOOKER PRIZE A Globe and Mail Best Book A New York Times Notable Book of the Year From the internationally celebrated author of The New York Trilogy comes a sweeping story of birthright and possibility, of love and the fullness of life itself, in which we follow the four parallel lives, loves, and obsessions of one remarkable boy during a time of great change in America. On March 3, 1947, in the maternity ward of Beth Israel Hospital in Newark, New Jersey, Archibald Isaac Ferguson, the one and only child of Rose and Stanley Ferguson, is born. From that single beginning, Ferguson's life will take four simultaneous and independent fictional paths. Four Fergusons made of the same genetic material, four boys who are the same boy, will go on to lead four parallel and entirely different lives. Family fortunes diverge. Loves and friendships and intellectual passions contrast. Chapter by chapter, the rotating narratives evolve into an elaborate dance of inner worlds enfolded within the outer forces of history as, one by one, the intimate plot of each Ferguson's story rushes on across the tumultuous and fractured terrain of mid-twentieth-century America. A boy grows up -- again and again and again. As inventive and dexterously constructed as anything Paul Auster has ever written, 4 3 2 1 is an unforgettable tour de force, the crowning work of this masterful writer's extraordinary career.

The Notebooks of Joseph Joubert-Joseph Joubert 2005
Joseph Joubert (1754-1824) wrote daily for over 40 years without producing a single
book. This selection from his notebooks, edited and translated by Paul Auster, contains samples of his reflections on writing, judgments of his contemporaries, pronouncements against scientific materialism, parenting tips, aesthetic musings, comments on the Revolution and its aftermath, and cosmic miniatures. Not published in their entirety until 1938, the notebooks reveal Joubert as an author of great clarity and depth, perhaps France’s first truly modern writer. Thought for the Day- ‘The great inconvenience of new books is that they prevent us from reading old books’.

I Thought My Father Was God-Paul Auster 2002-09-07
One of America's foremost writers collects the best stories submitted to NPR's popular monthly show--and illuminates the powerful role storytelling plays in all our lives When Paul Auster and NPR's Weekend All Things Considered introduced The National Story Project, the response was overwhelming. Not only was the monthly show a critical success, but the volume of submissions was astounding. Letters, emails, faxes poured in on a daily basis- more than 4,000 of them by the time the project celebrated its first birthday. Everyone, it seemed, had a story to tell. I Thought My Father Was God gathers 180 of these personal, true-life accounts in a single, powerful volume. They come from people of all ages, backgrounds, and walks of life. Half of the contributors are men; half are women. They live in cities, suburbs, and rural areas, and they come from 42 different states. Most of the stories are short, vivid bits of narrative, combining the ordinary and the extraordinary, and most describe a single incident in the writer's life. Some are funny, like the story of how a Ku Klux Klan member's beloved dog rushed out into the street during the annual KKK parade and unmasked his owner as the whole town looked on. Some are mysterious, like the story of a woman who watched a white chicken walk purposefully down a street in Portland,
Oregon, hop up some porch steps, knock on the door—and calmly enter the house. Many involve the closing of a loop, like the one about the woman who lost her mother's ashes in a burglary and recovered them five years later from the mortuary of a local church. Hilarious blunders, wrenching coincidences, brushes with death, miraculous encounters, improbable ironies, premonitions, sorrows, pains, dreams—this singular collection encompasses an extraordinary range of settings, time periods, and subjects. A testament to the important role storytelling plays in all our lives, I Thought My Father Was God offers a rare glimpse into the American soul.

whose extraordinary illnesses have much to say to everyone about who and what we are. They are also about chance, compassion, human fallibility and eccentricity.

Memories of the Future-Siri Hustvedt 2019-03-19
Longlisted for the 2020 Andrew Carnegie Medals for Excellence A provocative, exuberant novel about time, memory, desire, and the imagination from the internationally bestselling and prizewinning author of The Blazing World, Memories of the Future tells the story of a young Midwestern woman’s first year in New York City in the late 1970s and her obsession with her mysterious neighbor, Lucy Brite. As she listens to Lucy through the thin walls of her dilapidated building, S.H., aka “Minnesota,” transcribes her neighbor’s bizarre and increasingly ominous monologues in a notebook, along with sundry other adventures, until one frightening night when Lucy bursts into her apartment on a rescue mission. Forty years later, S.H., now a veteran author, discovers her old notebook, as well as early drafts of a never-completed novel while moving her aging mother from one facility to another. Ingeniously juxtaposing the various texts, S.H. measures what she remembers against what she wrote that year and has since forgotten to create a dialogue between selves across decades. The encounter both collapses time and reframes its meanings in the present. Elaborately structured, intellectually rigorous, urgently paced, poignant, and often wildly funny, Memories of the Future brings together themes that have made Hustvedt among the most celebrated novelists working today: the fallibility of memory; gender mutability; the violence of patriarchy; the vagaries of perception; the ambiguous borders between sensation and thought, sanity and madness; and our dependence on primal drives such as sex, love, hunger, and rage.

Auggie Wren's Christmas Story-Paul Auster 2014-05-13
A timeless, utterly charming
Christmas fable, beautifully illustrated and destined to become a classic. When Paul Auster was asked by The New York Times to write a Christmas story for the Op-Ed page, the result, "Auggie Wren's Christmas Story," led to Auster's collaboration on a film adaptation, Smoke. Now the story has found yet another life in this enchanting illustrated edition with Argentine artist Isol. It begins with a writer's dilemma: he's been asked by The New York Times to write a story that will appear in the paper on Christmas morning. The writer agrees, but he has a problem: How to write an unsentimental Christmas story? He unburdens himself to his friend at his local cigar shop, a colorful character named Auggie Wren. "A Christmas story? Is that all?" Auggie counters. "If you buy me lunch, my friend, I'll tell you the best Christmas story you ever heard. And I guarantee every word of it is true." And an unconventional story it is, involving a lost wallet, a blind woman, and a Christmas dinner. Everything gets turned upside down. What's stealing? What's giving? What's a lie? What's the truth? It's vintage Auster, and pure pleasure: a truly unsentimental but completely affecting tale.
